## Blue Devils Invade Vero Beach Tonight

Riding on the crest of a three-game wave of victories over St. Ann's, Okeechobee and Stuart, the Pahokee Blue Devils will roll into Vero Beach tonight in a bid to make it four in a row at the expense of the Indians who will not be easy to handle.

Both teams will be seeking their Second Suncoast conference win, however, the Indians have a better conference record which includes a surprising 26-6 win Oct. 24 over the strong Clewiston Tigers who opened the season by blanking the Blue Devils 20-0. In other conference tilts the Indians were upset at the start of the season by Seacrest and later deadlocked both Lake Worth and Belle Glade with tie games. The Blue Devils, on the other hand, won a game from Stuart and lost their other conference contests to Clewiston, Lake Worth and Seacrest.

Coach Webb Pell rates the Indians as the fastest team in the conference and in practice sessions this week he spent considerable time working out defense tactics against the breakaway sprits of the Indians' speedy halfback Roger King and Joe Collins and the slick passing combinations of Quarterback Ronnie Phillips to Ronnie Hutchinson and King. Most of Wednesday's practice, however, was devoted to offensive scrimmage in polishing up some of the split-T plays that will be used against the Indians.

Pell plans to start the same lineup that clicked well in the 34-7 trouncing the Blue Devils gave Stuart last week. Though short on reserves, the Blue Devils will start at full strength, with Halfback Bill Hatton and Hal Rosenberg expected to spark the ground attacks while Tackle Benny Sims will again anchor the Pahokee line.

The team is being accompanied to Vero Beach by Bandmaster Robert O. Lampi's Pahokee High School Band.

## Hunter Will Speak To Local Lions Next Monday Night

A panel discussion of "War and Peace" was heard by Canal Point Lions at their regular dinner meeting in the County Park community building Monday night.

Speakers on the panel were the Rev. James R. Roy, program chairman of the club; Sgt. David Fugate, a member of the Air Rescue Squadron stationed at Canal Point, and W. E. Johnson, a former member of the U. S. Navy.

It was announced the Rev. W. Hal Hunter, pastor of the Pahokee First Baptist Church, will be guest speaker at the club's annual fathers and sons dinner Monday evening, Nov. 17.

One of Florida's first railroads was from St. Johns river through New Smyrna and was known as the Blue Springs, Orange City and Atlantic, which was completed in 1887. It was later purchased by the Florida East Coast Railway and abandoned.

## Cattlemen's Meeting Tuesday Night

The Cattlemen's Association will meet Tuesday night, Nov. 18 at the Glades Livestock Market at 7:45 o'clock. Election of officers will be held and a few minutes will be taken up to transact business. After the business session, two films will be shown: "Land of Our Fathers," prepared by the National Cattlemen's Association. The second film, "Mr. Shorthorn, USA," prepared by the American Shorthorn Breeders' Association, contains pictures of many beautiful cattle and should be of particular interest to shorthorn breeders.

## Report Shows \$123 Made By Local PTA

The Canal Point Parent-Teacher Association has a paid-up membership of 140 members to date, according to a report given at the November PTA meeting held in the school auditorium with Mrs. R. T. Smith, president, presiding. This membership exceeds the present enrollment of 139 pupils at the Canal Point School.

It was announced Mr. Crawford's sixth grade is the first school room to report both parents of all pupils members of the PTA and for this perfect PTA membership record the sixth grade group has been awarded a \$5 cash prize.

It was also reported at the meeting, PTA netted \$123.00 from the recent Halloween carnival it sponsored at the Canal Point School. The group voted to send flowers to Miss Edna Mae Snyder, third grade teacher, who was a patient at the Everglades Memorial Hospital.

The monthly attendance banner was won by Mrs. Billie Huddle's Fourth Grade Room.

On the program Principal Clyde W. Alley gave a demonstration of audio-visual aid to education through the projection of sound motion pictures.

During the social hour following the meeting refreshments were served by Mrs. L. C. Livingston, Mrs. O. H. Sheppard and Mrs. Melvin Pugh, hostesses.

## Legion Plans Made To Improve Fair

Plans for the annual Pahokee Fair, sponsored by Fred and Percy Mansfield-American Legion Post 90, were discussed by members of Post 90 at a meeting in the Legion Hall on Canal Point Road Monday night, with Commander Howard Holman presiding.

It was announced the Fair will be conducted on a somewhat different basis this year with more local organizations participating. Named on the committee in charge of arrangements were David Unwin, chairman, Carmen Salvatore, Jr., and Melvin Spooner.

A vote of thanks was given to Sheffield Colby for the donation of a 20-foot FM radio antenna for use at the Legion Hall.

## Pahokee Council To Help Pay For Christmas Lights

The Pahokee City Council at a meeting Monday night voted to cooperate with the Chamber of Commerce by jointly sponsoring the installation of Christmas lights on the streets of downtown Pahokee, the lights to be on at night through the entire holiday season and the two groups to share expenses. Plans were also made for a large decorated Christmas tree to be erected on the vacant lot across the street from the Bank of Pahokee.

Mayor Lewis Friend, who heads a committee recently appointed by the Council to draw up a plan for improved drainage facilities in the Southeast residential section, reported the progress being made by his committee. He also said an investigation is being made on the possibilities of installing new sidewalks on a portion of Cypress Avenue.

It was announced the city will be represented at the meeting of the Florida League of Municipalities in Tallahassee this weekend by City Clerk Dorothy Graham and City Attorney Ralph Johnson.

## Woman's Club Will Entertain Dist. 10

The Pahokee Woman's Club at a business luncheon Tuesday made plans to act as host at the District 10 meeting, State Federation of Woman's Clubs, to be held at the Pahokee clubhouse Saturday, Nov. 22, with registration to start at 9:45 a. m.

It was announced that reservations for the 3:30 p. m. luncheon at the district meeting must be received by Mrs. Frank Friend by Nov. 15. Mrs. M. I. Keen, Mrs. Frank Friend, Mrs. Norman Kennedy and Mrs. R. J. Schroder were named on a committee to make arrangements for the luncheon.

Mrs. Don Hillier, president, gave a report on the County Federation meeting which she attended recently in Delray Beach.

The groups voted as a club project to sponsor again this year the sale of Christmas seals in the community and to assist with the work of the Chest X-ray mobile unit when it arrives in this area. Mrs. Leon Spooner will be in charge of this project.

The club voted to redecorate the clubhouse kitchen and make necessary repairs on the building.

The secretary was instructed to invite Harold Wetzel, administrator of the Everglades Memorial Hospital and Floyd Euell, laboratory technician, to attend the Dec. 9th meeting of the club and explain the Walking Blood Bank plan, following which members will have their blood typed.

It was announced Mrs. J. R. York, education committee chairman, will present a special program in observance of National Education Week at the Nov. 25th program meeting.

The state license tag department will ask additional funds in the next governments biennium for cost-of-living pay raises, for mechanizing auto registration and for replacing old equipment, says Arch Livingston, tag commissioner.

## Action In Lake Region Follows 28 Days Rain

### Belle Glade Chap Sparks Tampa 11

Al Leathers, a smashing freshman halfback from Belle Glade, led the University of Tampa to a sweet 19-0 victory over Appalachian State College in Tampa Saturday night.

Tampa's superiority was more marked even than the score indicates, as the Spartans got partial revenge for losses the two previous years to the North Carolinians.

The visitors never got inside the Tampa 20, were past midfield only three times and never had a drive that picked up more than two first downs.

### \$506 Made By PTA Group In Pahokee

The Pahokee Parent-Teacher Association netted \$506.08 from its recent Halloween carnival, according to a report given by Mrs. Ernest Maxwell, program chairman, at the November PTA meeting in the high school auditorium Monday night, with Mrs. Doris Sasser, President, presiding. The largest sum received from participating groups, which shared proceeds with PTA, was the \$161.49 turned in by the Student Council, sponsor of the king and queen contest. The Senior Class, which turned in \$66.38, was second high in receipts among school groups and the Rotary Club topped the participating civic groups by turning in \$102.85, representing the entire net proceeds from the booth it sponsored at the carnival. Mrs. Cleo Douthitt's third grade room won the \$25 cash award presented by PTA to the school group at the elementary school turning in the largest sum.

Mrs. D. R. Hall, membership chairman, reported the Pahokee PTA has 603 paid-up members to date and three school rooms, Mrs. Douthitt's third grade, Mrs. Charlotte Walston's fifth grade and Mrs. Sable Walcott's tenth grade, have been awarded cash prizes for attaining 100 per cent membership of parents in PTA.

Mrs. George Arceneaux, program chairman, presented the new PTA (continued on page 8)

### South Bay Clears \$1200 On Carnival

The PTA of South Bay cleared a little over \$1200 (yes, \$1200) on their Halloween carnival staged on the school grounds in South Bay on Halloween night. Other schools in the Glades cleared tidy sums on their carnivals with Belle Glade leading the list with something over \$1400.00 cleared for their PTA work. Pahokee PTA cleared \$506 and the Canal Point PTA cleared \$123.00.

### CIGARETTE TAX—SEPTEMBER

Pahokee	\$1727.66
South Bay	613.50
Belle Glade	3731.88

Following 28 days of rain in October the harvest of remaining beans is in full tilt. Scarcity of the delectable delicacy has pushed the price far above average and over the week end Mrs. A. L. Vertommen sold fancy black Valentines for \$7.00 per hamper. She had 500 hampers on the sale at that price.

During this week good beans have been averaging from \$3.50 to \$5.00 per hamper. The cut in yield is reflected in small car movements from the Lake Region where, normally, hundreds of cars would be going out weekly.

When the present crop is picked there will be a lull in shipping due to the fact that plantings were held off by the 28 days of rain. Right now there is a shortage of labor and bean pickers are being hauled in daily from Fort Pierce, Okeechobee and other towns nearby.

Joe Hatton has harvested some sweet corn and it brought a fair price—\$3.24 per crate. Sweet corn harvest will get under way the latter part of the month.

Celery harvest will start around Dec. 10. During the four weeks of flooded fields the farmers were unable to continue the planting of celery, which will make a gap in the celery season. The celery which was growing, was retarded and lost almost two weeks growth. No celery acreage was lost because of the flooded condition.

Most of the new potato crop survived the heavy rains. Only the newly planted potatoes that had not started roots were damaged.

### Pahokee Lions To Sponsor Negro Foot Ball Game Nov. 20

Kenneth Jacobson of Delray Beach, Lions district governor, 35, paid an official visit to the Pahokee Lions Club at their Tuesday luncheon meeting. Introduced by Leonard Dobrow, zone chairman, Mr. Jacobson received the activities of the Lions Clubs within his district and outlined some of the goals for the coming year.

The club completed plans for its annual benefit football game to be played this year by two Negro high school teams, the Belle Glade Bobcats and the Fort Myers Tigers on Lair Athletic Field Thursday, Nov. 20, starting at 8 p. m. Proceeds from the game will go into the fund being raised by the club for the Lions annual Christmas party for the children of the community, according to Curtis Chase, chairman of the committee in charge of arrangements.

G. W. Fletcher was received as a new member, with Frank Rozelle in charge of the induction ceremony.

Leonard Dobrow announced a Lions zone meeting will be held in Belle Glade Nov. 16, at 2 p. m.

John Fox, president of Minute Maid Corporation, recently told a large number of citrus industry representatives that the grower participation plan of Minute Maid had thus far been a success.

## Highways Of State Follow Pattern Of Many Years Ago

TALLAHASSEE—"The growth of the population of the State of Florida and the increase in the number of visitors... coupled with rapid strides forward in the development of commerce and industry, have resulted in vast increases in traffic on the 'highways,'" so says the report on the study of Florida's highways as prepared by the firm of consulting engineers, Parsons, Brinckerhoff, Hall and MacDonell.

The report, consisting of 112 pages plus assorted charts, maps and tables, deserves thorough investigation by all those interested in Florida's road development. The report, thoroughly digested, presents a clear picture of the necessity for early action in the improvement of the State's road system.

The report is important because it reveals that Florida's road system has followed a historical pattern instead of changing to the needs of an expanding state economy. The majority of Florida's traffic arteries now follow the traditional trails and roads constructed as far back in the State's history as 1665.

The time has now come to consider the crowded and hazardous highways in sections that did not inherit well traveled trails as the area was settled and developed. This accounts for the fine highways found in some rural sections of the State and the neglected and crowded conditions so prevalent in metropolitan sections such as southeast Florida.

## Cinematic Chatter

By Malcolm Millar

Hello everybody! When Wendell Corey recently got all dressed up in fancy evening duds to dance with Jane Powell in an elaborate Paris night club sequence of "Rich, Young and Pretty," he little realized that upon completion of that picture he would shift over into the uniform of a Canadian mountie and exchange his dancing slippers for—snowshoes! "In Hollywood," says Corey, "It is possible not only to jump from one role to another, but from snow to sunshine and back again to 8,000-foot mountains. No sooner had I finished my musical with Miss Powell than I found myself wrestling with huskies, a 'thousand miles away in the snow.'" The actor managed to make the transition with only one mishap. "That occurred during his initial attempt to ride a sled pulled by a team of huskies. 'I started off fine,' he says, 'and was beginning to think of myself as being ace material for a Polar expedition. I even drove the sled along a frozen river, that is, until we hit a thin spot in the ice. The dogs reached terra firma before the ice gave way but I wasn't so lucky. I never could make much speed in snowshoes, particularly at 20-degrees below zero.'" Actually Mr. Corey was delighted with his change of scene and characterization. He admits that he definitely belongs to the "variety is the spice of an actor's life" school. "When I first came into pictures I started in the rough and tough roles," he says, "and I was beginning to think I might get into a rut. But after awhile they gave me more sympathetic parts. I guess producers saw that deep down I'm just a boy scout at heart." Corey came to Hollywood after his Broadway success in "Dream Girl." His picture that took him from dancing slippers to snowshoes is "The Wild North." See you at the movies—Mal.

## Blood Bank Plans Fully Explained

Plans for establishing a Walking Blood Bank for the Everglades Memorial Hospital have been announced by Harold Wetzel, hospital administrator, who is soliciting the support of various civic groups and the public at large in this public welfare project.

The plan is to type the blood of all persons in the community who are able and willing to serve as blood donors. These potential donors will be called on for contributions only in cases of emergency when an urgent need arises for extra blood to save a life or heal the ill. If enough local residents give their personal support to the bank, the individual will not receive more than a single call for blood donations every 12 to 24 months, according to Wetzel's estimates.

Persons willing to participate in this important project are asked to have their blood typed at the Everglades Memorial Hospital where Floyd Euell, laboratory technician, will be on duty for this work Monday from 8 a. m. to 7 p. m.; Tuesdays through Fridays, from 8 a. m. to 5 p. m., and Saturdays, from 8 a. m. to 1 p. m. All potential donors will be given cards recording their blood types for their personal records.

Ineligible to participate in the Walking Blood Bank will be persons who have TB, active or arrested, or have had anemia within the past two years, or malaria within the past five years, or who have undergone major surgery within the past six months. Mothers with child or who have given birth to a child within the past year are also ineligible. Persons with either high or low blood pressures will be conditionally accepted only with the written approval of their physicians.

The Walking Blood Bank plan was explained by Mr. Wetzel and Mrs. Euell at a meeting of the Pahokee Business and Professional

Woman's Club Tuesday night at which time all 18 members of the club present at the meeting indicated their cooperation by having their blood typed. The two hospital officials appeared before the Canal Point American Legion Auxiliary Tuesday night, Nov. 11, to explain the plan to that group. They hope to contact in the near future all civic, fraternal and religious organizations in the Pahokee-Canal Point area in an effort to gain full community support of the project.

## State Commerce Body In Annual Meeting In Jax

JACKSONVILLE—Two addresses to be made before the 38th annual convention of the Florida State Chamber of Commerce here, Nov. 16-18, may be expected to voice the thoughts of the country's business leadership following last Tuesday's general election results.

Donald R. Richberg, an attorney and author of Washington, D. C., will address the banquet of Nov. 18 on "What of the Future?"; Laurence F. Lee, president of the Chamber of Commerce of the United States and a Jacksonville insurance executive, will address a Nov. 17 luncheon on "Our Congress, Sentinel of Freedom."

Keynote of the 3-day conference will be Dr. J. Ollie Edmunds, president of Stetson University, DeLand. Dr. Edmunds will speak on "Florida, the Premium State of the Union," on Monday morning, Nov. 17.

State Road Department Chairman Alfred A. McKeehan will also speak during the Tuesday sessions and Governor-elect Dan McCarty will be presented by U. S. Senator Spessard L. Holland at Tuesday's luncheon session. The governor-elect will pay tribute to several hundred new Florida industrialists.

The conference will open Sunday morning Nov. 16 with a golf tournament, in competition for a trophy donated by Capt. Eddie Rickenbacker. The business session will get under way on Monday, Nov. 17 with Dean Walter J. Matherly of the University of Florida presiding.

A new book, "Facing the Future's Risks," is being distributed to leading business executives by the Mutual Insurance 200th Anniversary Committee.

## Former District Governor Of Rotary Speaks In Pahokee

Irvin R. Waite of Miami, immediate past district governor of Rotary, was guest speaker at the Thursday luncheon meeting of the Pahokee Rotary Club last week.

Introduced by Publisher Paul Rardin, the speaker gave a talk on the "Rotary Foundation" which awards international scholarships to worthy and deserving students throughout the world. He told how efforts to establish the foundation were started in 1928 by the Rotary in Minneapolis, Minn., but there was little action in this field of service until 1947 when the endowment fund in the Foundation had reached a total of \$2,000,000 and the program of assisting international students in their education broadened to its present proportions. During the past year \$308,643.23 was received as volunteer contributions to the Rotary Foundation and through this period 109 scholarships, averaging from \$1,800 to \$3,400 each, were awarded to international students. The purpose of the Foundation is to promote understanding and goodwill among the 83 countries in which Rotary is functioning today, the speaker concluded.

Vance Denton reported the club has turned over to the Parent-Teacher Association \$102.35 from the proceeds of the booth it sponsored at the recent PTA Halloween carnival.

John Rogers, Pahokee High School Senior, was the guest of student member, Calvin Padgett. Webb Pell and Bob Cameron were also luncheon guests.

## Cecelia Enfinger Has Birthday Party

Cecelia Enfinger celebrated her fourth birthday anniversary last week at a party given by her mother, Mrs. Mack Enfinger, at the home of Mrs. C. L. Stuart in Canal Point.

Veteran Miami trainer Phil Reuter has bed down 19 horses at Gulfstream Park, the vanguard of some 2,500 thoroughbreds expected to be stabled in the area during the approaching winter racing season.

## Births

Mr. and Mrs. Charles G. Willis of Pahokee announce the birth of a son, Charles William, at the Everglades Memorial Hospital, Nov. 11. Happy Armistice Day, Windy!

Mr. and Mrs. Paul Andrews of Pahokee announce the birth of a daughter, Charlotte, at the Everglades Memorial Hospital, Nov. 12.

Mr. and Mrs. W. H. McCarty of Belle Glade announce the birth of a daughter, Wanda Jo, at the Everglades Memorial Hospital, Nov. 7.

## BIRTHDAY PARTY

Mrs. Jack Phillips entertained at the Pahokee Elementary School Friday afternoon with a party honoring her daughter, Betty Jo, on her seventh birthday anniversary. Betty Jo's classmates in Mrs. Reba Golden's Second Grade room were guests. Refreshments of ice cream and cake were served by the hostess.

## Famous Harp Is In Ringling Museum

SARASOTA—Two of the seemingly endless treasures acquired by John Ringling have just been placed on exhibition in the John and Mable Ringling Museum of Art in Sarasota, which he built and willed to the State of Florida. They are a 17th century harpsichord and an early 19th century harp. Both have been placed in the front of the parterre of the 18th century Italian theater from Asolo, which was installed last year as a permanent feature of the museum.

The harpsichord bears the date 1652, and is decorated with Baroque arabesques against a gold background. Inside the cover is a painting of Apollo and Daphne by some painter of the period, perhaps Albano. The harp bears the signature of Sebastia Erard, famous inventor of double pedals.

"First airline packaged vacations that will offer northern residents low cost visit to Florida's Gold Coast during the Christmas season will be inaugurated this year by Delta Air Lines."

**"That Call"**

**WAS WORTH A MILLION, SON"**

"What a grand surprise! I wasn't expecting you so soon. When you phoned from the station and said you were back, I could hardly believe it. And now you're really here. It's wonderful!"

Good news travels fast... especially by telephone. The usefulness of telephone service can be beyond price in moments of happiness as in moments of anxiety. When such moments come, you are thankful for the quick reassurance a telephone call can bring.

Day in and day out, your telephone proves its value in so many ways.

**Do you have Series E Defense Bonds coming due this year?**

# Here's a money-earning opportunity for you

**Now—a new law lets your maturing Series E Bonds go on earning for you ten years longer! And you don't have to do a thing!**

ARE YOU one of those patriotic citizens who began buying—and holding—Series E Bonds ten years ago? Now your government is going to reward your faith with a chance for your bonds to earn extra money—over and above what you'd expected!

According to the bill passed by Congress last spring, it is now possible for your United States Series E Bonds to continue earning interest ten years longer than was originally planned.

Therefore, if you started an automatic bond saving plan, and helped your country at the same time, you can look forward to ten years more of effortless earning from the bonds you bought!

For example, a Series E Bond which cost you \$18.75 in 1942 will pay you \$25 in 1952. But

if you hold that bond ten extra years, until 1962, it will pay you \$33.33, an average interest of 2.9%.

And there is nothing for you, as a bond holder, to do. You need not exchange the bonds you have. You need not sign any paper, fill out any form. You simply keep your bonds as you have been keeping them.

You may still redeem any Series E Bond at any time after you've owned it for sixty days. (The tables on this page show what you can get for it.) But, unless you really need the cash you're much better off to hold your bonds; they are a paying method of saving. Bonds are safer than cash! Cash is too easily spent on nonessential things. And if you lose or accidentally destroy it, you're out that much money. But when you have cash in Defense Bonds, you're more apt

to hold on to it. And if your bonds are lost or destroyed, the Treasury will replace them for you at no cost or loss to you.

The cash you have in bond savings is safe and solid; and it's steadily growing toward a sum big enough to buy something really worth while when the proper time comes—a home, a business, a retirement fund, an education for your children.

So if you have bonds coming due, take advantage of this new offer of your government—just sit back and let them go on making money. Meanwhile keep adding to your savings by buying more United States Defense Bonds regularly—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank.

If you want to be paid your interest as current income—

The new law also allows you to exchange your Series E Bonds, in blocks of \$500 or more, for Special Series G Bonds which pay interest semiannually at the rate of 2½% per year. For full details, ask at any Federal Reserve Bank or Branch.

### Southern Students See Hialeah Track

MIAMI—Parents of 500 high school honor students from 14 southern states as far west as Oklahoma have been hearing all this week about the beauty and hospitality of Hialeah Race Course. This came about when, as part of the 18th annual convention of the Southern Association of Student Councils which convened at Miami Beach, 17 bus loads of the lads and lassies were guests of the track.

In contributing to this community good will program, Hialeah treated the students to soft drinks, souvenir booklets and guides about the picturesque plan, group pictures were taken with the famed pink flamingoes and tropic beauties of the track for background, and so on, all of which pleased the young visitors immensely and served also as a pleasant privilege and form of racetrack public relations for the Hialeah management.

Much appreciation was expressed following the students' visit and the Miami Edison Senior High School's student council, which had much to do with arranging the program, wrote Hialeah that "everyone had a memorable time and we know they never had seen such a beautiful spot."

While many children from elementary schools in Miami had visited the track in the past few years, this was the first time Hialeah played host to the high school student councils from southern states.

## Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

A trio of proposed resolutions designed to strengthen the county commission's control over the development of sub divisions, were being studied this week. The resolutions were presented to the county board Monday and final action on the measures was set for the commission's next meeting on November 24.

Meantime, board members invited the public to request copies of the resolutions and to confer with board members on the measures before the proposals receive final action.

Submitted by Commissioner Lake Lytal, the resolutions described the county commission's responsibilities for installation of culvert and road turnoffs—maintenance of sub-division streets—minimum requirements for road construction and amendment to the present plat law which require more detailed plans for drainage and construction of drainage facilities before plats will be approved by the board.

Commissioner Lytal said, the need for tighter regulation in development of sub divisions has been brought on by the rapid

growth of the county, particularly along the coastal sections where he said "problems have become too numerous to handle without some policy for control."

The three resolutions are designed to make proposed developments adhere to adequate road and drainage will be granted by the board.

In other actions this week, the board voted to assist the West Palm Beach Chamber of Commerce and the Resources Development Board in readying a new site for the Palm Beach County Exposition.

The annual event in recent years has been held at International Airport which has now been taken over by the Airforce.

Present plans of the sponsoring organization are to hold the annual show at the Palm Beach Speedway grounds west of the county seat. The county board agreed to give what assistance possible in working out the use of county lands near the Speedway for parking space.

Another assist was granted by the county board this week to the Flood Control District when the commission voted to dedicate all county lands west of the Rangeline between State Road 80 and Lantana, for public use. The lands will be included in the flood control organizations conservation district.

The commission also: Awarded the county's annual insurance bids to John Turrentine of West Palm Beach who was the low bidder on the contract by \$200.

Called on the tax collector to deposit funds for the Sanitary District of the Palm Beaches in the Atlantic National Bank.

Voted to survey intersection at Australian Ave. and Belvedere Road in West Palm Beach and two A1A intersections in Palm Beach in an attempt to work out facilities for eliminating traffic bottlenecks and driving hazards.

Reset the second safety clinic for November 19 when all persons who have appeared in county traffic courts during the past two weeks will be required to attend the session.

Voted to abandon for all time proposed plans for addition of a fourth floor to the court house and to study other means of providing additional office space for county offices.

Extended commendation of the board to all election officials who worked the last general election. The board termed the last election "the best handled election in many years."

### Christian Science Group Of Canal Point

The vast difference between man as the child of God, and man as a sinning mortal, is shown in the Lesson-Sermon entitled "MORTALS AND IMMORTALS," which will be read in all Christian Science churches next Sunday.

Paul's first epistle to the Corinthians (15:53), furnishes the Golden Text: "This corruptible must put on incorruption, and this mortal must put on immortality." Included in Bible selections is the following from Romans (8:14): "For as many as are led by the Spirit of God, they are the sons of God."

Readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "The real man is spiritual and immortal, but the mortal and imperfect so-called 'children of men' are counterfeits from the beginning, to be laid aside for the pure reality" (p. 409).

### Erickson Renamed Head Farm Bureau

The new board of directors of the Everglades Unit of the Florida Farm Bureau at a recent meeting at Canal Point re-elected Floyd Erickson, president, and J. F. Waddell, vice president. Melvyn V. Pugh was elected secretary-treasurer. Mr. Waddell was named a delegate to represent the group at the FFB luncheon meeting at the George Washington Hotel in West Palm Beach. It was announced future meetings of the board will be held in Pugh's Tonsorial Parlor in Canal Point.

### Gardenia Circle Will Set Hibiscus

The Gardenia Garden Circle at a meeting in the County Park community building at Canal Point Tuesday morning completed plans for its hibiscus planting project at the Canal Point School. Each member will donate a single red hibiscus plant, the plants to be set in a row along the northern borders of the school grounds from the tennis courts to the Tucker building. Mrs. Lester Duncan, chairman in charge, reported work on this project will start immediately. Mrs. A. R. Chastain gave a final report on plans for the style show which the circle is sponsoring at the Pahokee high school auditorium Tuesday, Nov. 18, at 7:45 p. m. Mrs. W. S. Evans will act as mistress of ceremonies at the show and all persons planning to model clothes are asked to meet in the auditorium at 1 p. m., Nov. 18, for a dress rehearsal.

It was announced Mrs. Albert Fremd will be in charge of collecting the plants which circle members donate for the Garden Club's plant sale to be held in Pahokee Nov. 20-21. Mrs. Fremd to pick up the plants Nov. 19.

Mrs. J. S. Chastain gave a report on the recent district meeting of Federation of Garden Clubs which she attended in West Palm Beach. Mrs. J. H. Bordeaux, program chairman, introduced Mrs. Harold Rosenberg who gave a talk on "Foliage Plants."

Mrs. Joseph Rosenberg, president, announced a brief business session of the Gardenia group will be conducted in the Pahokee Woman's Club building Tuesday night, Dec. 16, prior to the general meeting in which members of all four circles will hear a talk on "Florida-Grown Iris" by Dr. George Arce-neaux, starting at 8 p. m.  
The next regular circle meeting will be at the home of Mrs. A. R. Chastain, with Mrs. Jake Williams, co-hostess. Mrs. C. A. Doering, former Canal Point resident now living in Akron, Ohio, was a visitor.

### AUCTIONS START

WINTER HAVEN — Auction sales started on the Palmetto State Farmers' Market last week in a small way. Crop conditions were generally fair over the entire state and the volume of all commodities is expected to increase, according to L. H. Lewis, Director of the State Marketing System. Brisk action on green beans was noticeable at Sanford with movements of produce anticipated at the Ft. Peirce and Immokalee State Farmers' Markets during the current week.

### Bill Hatton Heads Jr. Red Cross Unit

Bill Hatton was elected president of the American Junior Red Cross Unit at Pahokee High School at an open meeting to re-organize for the new year. Rose Marie Henderson was elected secretary-treasurer and Donald Pickett was named publicity chairman. The group made plans for the annual JRC membership drive ending Nov. 15 and Leland Keene, faculty sponsor, led a discussion of goals for the year.

# This means more money to you!

**NOW YOUR U. S. SERIES E BONDS CAN EARN INTEREST  
10 EXTRA YEARS**

**A**LL YOU WISE and patriotic people who bought United States Series E Bonds ten years ago and have held them can benefit by this new law! For according to this law the bonds you expected to mature finally in 1952 can now continue to earn interest every year for ten more years—till 1962—without your even lifting a finger!

To get this extra money, there's absolutely nothing you have to do. Just hold your bonds and let them go on earning!

If you wish, you may still cash any Series E Bond at any time after you've owned it for sixty days. But you'll be better off to hold your bonds, just as you're better off to hold savings in any form.

First of all, as long as you don't cash your bonds, you don't have to pay income tax on the interest they earn. In the second place, cash in the pocket melts away fast—often with little or nothing to show for it. But cash in bond savings is always there—growing steadily toward the big sum which can buy something really worthwhile. . . . And remember—the interest rate on Series E Bonds has been increased to 3% compounded semi-annually, when held to maturity.

So if you have bonds coming due, why not take advantage of your extra-income opportunity? Just sit back and let them go on mak-

ing more money for you. And meanwhile keep adding to your cash savings by buying more U. S. Defense Bonds regularly—through the Payroll Savings Plan where you work. It's the easy, systematic saving plan that's so helpful because it lets you save before you even draw your pay. Thousands on the Plan say it's the one sure way to save.

## 3 NEW MONEY-MAKING OPPORTUNITIES FOR YOU!

*New Series H, J, and K  
Defense Bonds pay 2.76% to 3%!*

If you want to get the interest on your bonds in the form of current income, or if you want to invest more than the annual limit for E Bonds, ask at any Federal Reserve Bank or Branch about these new bonds:

**SERIES H.** A new current income bond, available in denominations of \$500 to \$10,000. Sold at par. Matures in 9 years 8 months and pays approximately 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Annual limit, \$20,000 maturity value. Issued only by Federal Reserve Banks and Branches and at the Treasury.

**SERIES J.** A new 12-year appreciation bond, available in denominations of \$25 to \$100,000. Sold at 72% of par value. Pays 2.76% compounded semiannually if held to maturity. Annual limit, \$200,000 issue price jointly with Series K Bonds.

**SERIES K.** A new 12-year current-income bond in denominations of \$500 to \$100,000. Pays interest semi-annually by Treasury check at the rate of 2.76% per annum. Sold at par. Annual limit, \$200,000 issue price jointly with Series J Bonds.

**NOW EVEN BETTER!  
INVEST MORE IN DEFENSE BONDS!**

year books at the meeting and thanked members of her committee, the Rev. W. Hal Hunter, Mrs. Ruth Dorsey and C. A. Canipe, as well as Mrs. Margaret Earwood, Mrs. Sable Walcott and Mrs. Herbert Miller for their assistance in

the publication of the booklets. Mrs. E. L. Pope, cafeteria chairman, reported 462 free lunches were served at the school cafeteria through October.

The group voted to conduct a social hour and serve refreshments following the December meeting. Named to assist Mrs. Herbert Miller, hospitality chairman, on the re-

freshments committee for this occasion were Mrs. Olaf Boe, Mrs. Roy Vandgreift, Jr., Mrs. J. M. Elliott, Mrs. Herman Kautz, Mrs. Elmer Upthegrove and Mrs. R. L. Brooks.

Guest speaker was Benjamin Roberts who is associated with the Palm Beach Research Farm at Canal Point. Introduced by Mrs.

Arceneaux, the speaker gave a talk on "Public Schools in American Life."

**BIRTHDAY PARTY**

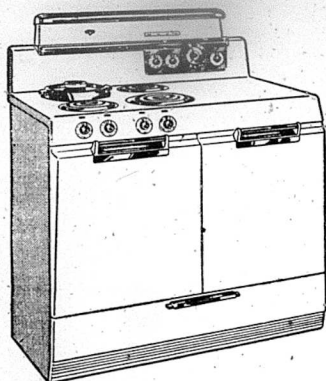

Miss Melba Pugh celebrated her fifteenth birthday anniversary at a recent party given by her mother, Mrs. Melvyn Pugh, at their home in Canal Point.

Two things to avoid in setting up a home aquarium for ocean specimens, according to Marine Studios are: keep any metal out of the water and avoid crowding.
